

Dear Members,

The annual reporting of the CPI, published for September 2023 is 6.7%. This should mean an annual percentage increase for Police Pensions in April 2024 will be the same (previously 10.1%). However, this has yet to confirmed by the Government.

Therefore as from 1st January 2024 the minimum subscription to NARPO will £26.28 (previously £24.60), this amounts to £2.19 per month (previously £2.05)

I will clarify this once the Government have agreed.

Kind Regards  
Bruce Goldfarb
